Please help us to rectify the error as quickly as possible as part of an initial diagnosis by ticking the appropriate boxes and adding important information. To do this, plug in the supplied maintenance unit and connect the machine to the compressed air network.

- After what beamtime do problems occur? hour
- Do the problems worsen with increasing beam time? Yes No
- Which dry ice is used? (1.5mm /3mm / Olaf/ Agathe?)

Pos	Symptom	At 3 bar	At 6 bar
1	The dosing unit in the tank moves, but no air comes out at the front	<input type="radio"/>	<input type="radio"/>
2	Dosing unit in the tank does not move, but air comes out at the front	<input type="radio"/>	<input type="radio"/>
2a	If 2 applies, disconnect air and turn rotor clockwise as far as it will go ☑ What happens if compressed air is reconnected?	<input type="radio"/>	<input type="radio"/>
2b	If 2 applies, disconnect air and turn rotor counterclockwise as far as it will go ☑ What happens if compressed air is reconnected?	<input type="radio"/>	<input type="radio"/>
3	Dosing unit in the tank does not move, no air comes out at the front	<input type="radio"/>	<input type="radio"/>
4	Machine felt less jet power?	<input type="radio"/>	<input type="radio"/>
5	Very little jet power (only a small amount of air comes out at the front)	<input type="radio"/>	<input type="radio"/>
	If 4 or 5 apply: Disconnect the air and unscrew the jet nozzle from the gun Check whether the screwed-in nozzle (Venturi nozzle) in the gun is iced up Result: yes (), no () – Comment:		
6	Hiss from the case	<input type="radio"/>	<input type="radio"/>
7	Hiss from the pistol	<input type="radio"/>	<input type="radio"/>
8	Other information to describe the error pattern		

In order to make the process as convenient as possible for you and to keep the repair time as short as possible, we ask you to define a budget for the repair of the damage, within which we can repair it without further queries. If the work required exceeds the stated budget by more than 10%, we will inform you immediately before the work is carried out.

Budget in €	
--------------------	--

If you do not want the identified need for repairs to be rectified, a flat-rate service fee of €15 will be charged.
